

Innovation, Startups and Venture Capital

Who We Are

Felsberg Advogados is a full-service law firm founded in 1970 and defined by its ability to combine experience, tradition and excellence with efficient, fast and focused service, offering innovative solutions in a constantly changing world.

The combination of individual, joint and complementary values, with a tradition established over five decades of service, means that we have a broad and all-encompassing vision that meets the current and future legal requirements of all our clients, from the biggest corporate groups to the freshest of startups.

This is what makes us unique, different and prepared.

Our History

Founded by Thomas Felsberg, the firm has always had an innovative spirit at the core of everything it does.

Long before we were recognized as pioneers in judicial restructuring, we were one of the first firms to advise on aviation financing and contribute to the development of project finance and venture capital in Brazil.

More recently, we inaugurated new practice areas such as fashion law, innovation and startups, intellectual property, life sciences, antitrust, compliance and white-collar crime. We also anticipated future demands with new fintech and payment systems as well as data protection and technology departments and a specialised gaming law team.

More than service providers, we are partners.

Both eyes on the
present with the
future in sight

Our Principles

Social Responsibility

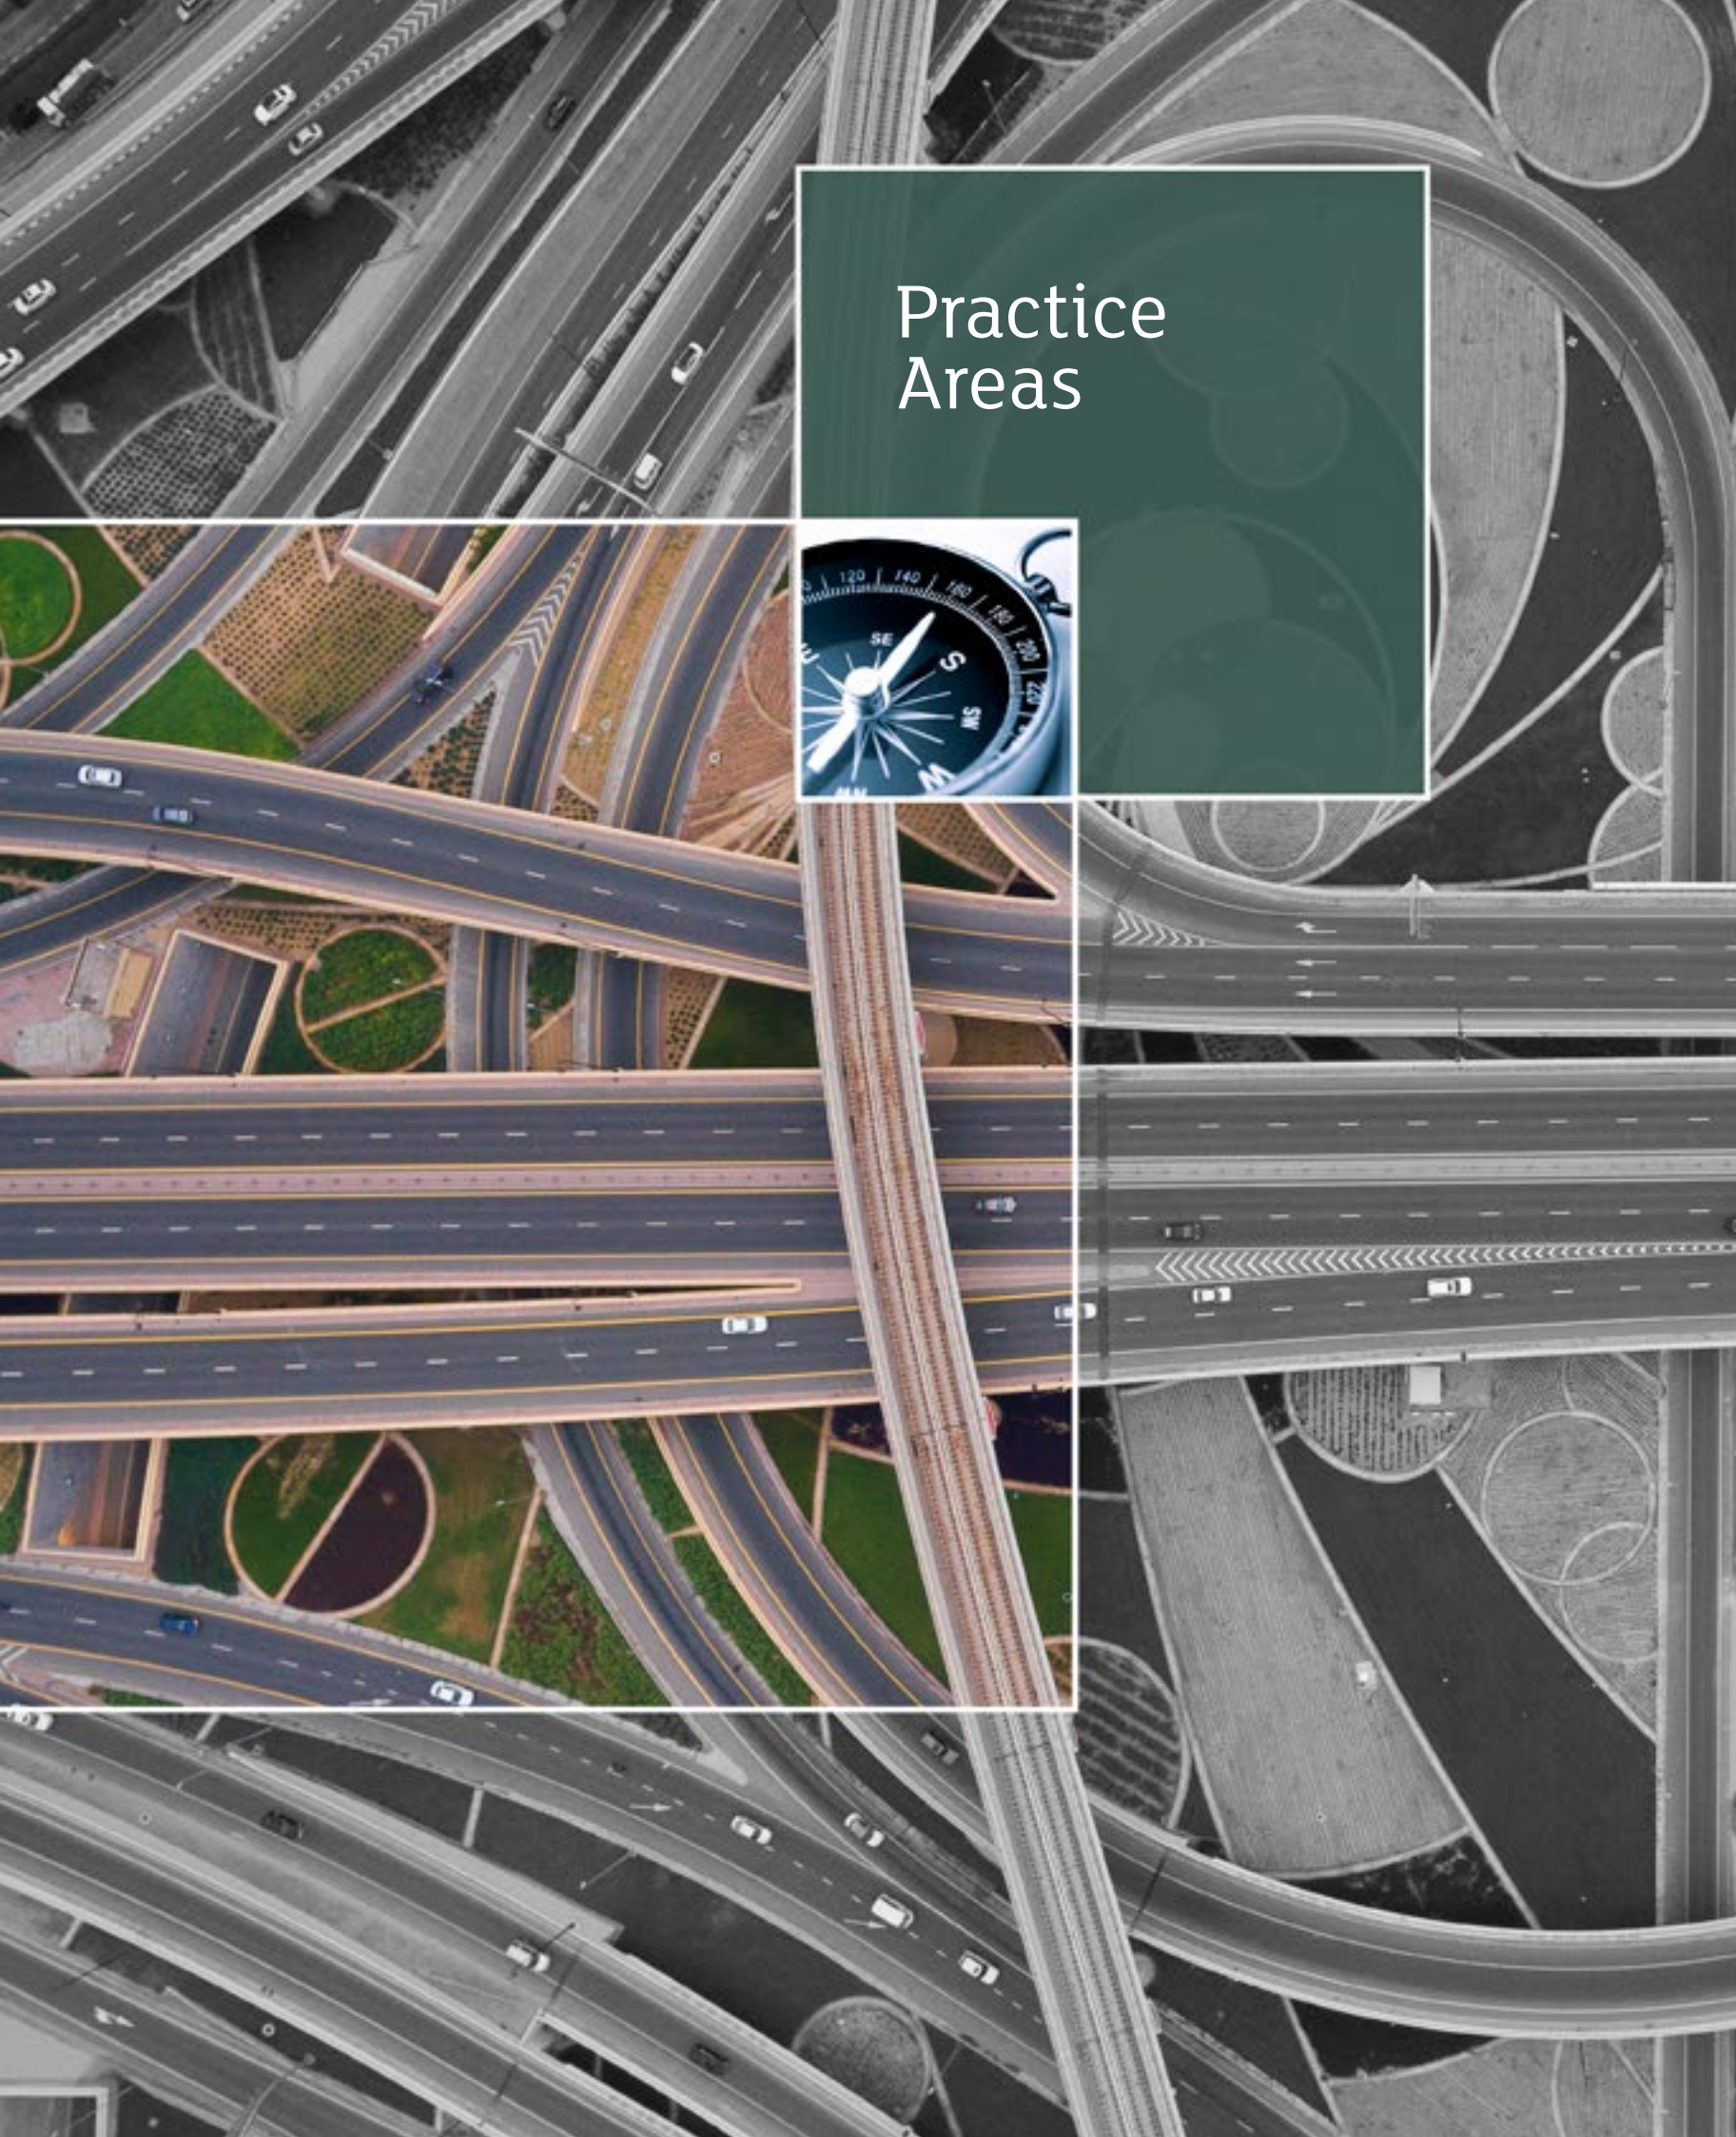

We are committed to encouraging social, cultural and educational projects.

Among the projects we support are Vaga Lume (creating and maintaining libraries in the Amazon), Americas Amigas (fighting breast cancer among lower-income women in Brazil), APAQ (treatment of burns victims), and AB2L (for the creation of dialogue among law firms and tech companies). Our fashion law team, in particular, devotes pro bono hours to two institutes in the fashion industry: Fashion Revolution (uniting the fashion industry in the way clothes are sourced, produced and consumed) and Instituto Alinha (connecting small workshops with designers and brands at fair prices and deadlines). Over the past two years, our legal professionals provided more than 500 pro bono hours.

Diversity

Talent does not come with a label. For this reason, we focus on selecting and rewarding the best minds, regardless of gender, color, social class, sexual or religious orientation. Respect for diversity is reflected in our values. Among our partners, 50% are women, and within our office as a whole, 57% are women. Salary levels for men and women are equal within each function. Healthcare benefits are extended to all spouses, regardless of sexual orientation.

DiversiFeA, our Committee of Equity, Diversity and Inclusion comprising partners, other fee-earners and staff, promotes regular initiatives and events for the well-being of all members of the firm.

Recognition

Innovation, Startups and Venture Capital

Innovation is extremely dynamic and multidisciplinary. The development of disruptive projects implies risks and requires complete and strategic solutions. Our role goes beyond the preparation of legal instruments. We provide clients with a broad vision from the beginning to the end of projects, assisting in developing and consolidating them.

We are pioneers in smart cities and government ventures in Brazil, and among the sectors in which we have acted are banking/financial (fintech), health (healthtech), rural (agritech), law/regulation (legaltech/regtech), biotechnology (biotech), insurance (insurtech), environmental (cleantech), education (edtech), as well as infrastructure, energy and transportation/mobility.

We advise all agents within the ecosystem: startups, emerging companies, business incubators, seed accelerators, ICTs, foundations, institutes, investment funds (private equity and venture capital), family offices, financial institutions, large companies, education institutions and the government. We act in all stages of the business cycle: structuring, operational development, investment transactions and withdrawal, assisting with corporate matters, fund raising, business modeling, market consolidation, tax planning, regulatory evaluation and analysis of incentives and governmental programs.

“their knowledge of the law for start-ups and their attention to detail” – Chambers Latin America 2021, Corporate/M&A: Highly Regarded

Partners

Evy Marques

E-mail: evymarques@felsberg.com.br

Phone: +55 11 3141-9172

Practice Areas: Corporate and M&A / Innovation, Startups and Venture Capital / Fintech and Payment Systems

Evy has over 15 years of experience advising foreign investors and Brazilian companies on complex international and domestic M&A transactions, distressed M&A transactions, corporate law and commercial contracts.

Evy is also head of the Innovation, Startups and Venture Capital department, advising diverse agents in the entrepreneurial ecosystem, including startups, impact businesses, accelerators, venture capital funds, teaching and research institutions and the government. Evy has been recognized by Latin Lawyer, The Legal 500, and Leaders League.

Clarissa Luz

E-mail: clarissaluz@felsberg.com.br

Phone: +55 11 3141-9113

Practice Areas: Data Protection and Technology / Innovation, Startups and Venture Capital

Recognized as one of the most admired lawyers in the guide Análise Advocacia 500 for her expertise in Data Protection and Technology, Clarissa has extensive experience in compliance procedures with national and international data protection regulations (e.g. GDPR, LGPD, CCPA). In the area of technology law, she focuses on cyber incidents, network offenses, information security, personality rights, blockchain, startups and the regulation of new technologies. She is also dedicated to advising and developing new business, modelling, know-how protection and business secrets.

Among her main clients are companies from the pharmaceutical, financial, hotel and technology sectors. Over her 16-year career, she has worked in civil litigation, international arbitration and intellectual property consultancy (trademarks, patents, software, copyright), data protection and technology law.
